SHARING OUR EVENTS AS A COMMUNITY

Welcome to the June Issue of Open Events newsletter the free newspaper for all community events in Newtown and the surrounding area.

The focus this month is Food, from the regular Wern Farm veg market to the Big Lunch event and weekly food share meetings in between, there's a lot going on in Newtown around food. We are also beginning the build up to Newtown's annual Food Festival in September with the Battle of the Bands!

As well as the usual selection of events, we have some extra information from Newtown Community Café and Newtown Food Surplus about activities and services available locally. And check out the calendar on the back page for all the details and regular weekly listings.

If you would like your event to be included in the next issue please go to Open Events Newsletter at www.opennewtown.org.uk for more details, and for information about how to become a stockist of the paper please drop us an email openenergy@opennewtown.org.uk

Joanna Houseman

Climate Action Officer, Open Energy

If you're interested in including your event in the next or forthcoming issues please contact us by email

NEWTOWN COMMUNITY CAFE

Newtown Community Cafe at the Bowling Club,
Wednesdays and Thursdays from 11:30am.

Newtown Community Cafe is a non- profit community charity. A warm inviting friendly social atmosphere in the heart of Newtown. We do a low-cost healthy warm nutritional, made from fresh ingredients three course meal on a Wednesday and a choice of two soups on a Thursday with a roll and a pudding.

We are open to all and all we ask is for a minimum donation of £2.50, to help towards the running costs. We are currently trying to help families who are really struggling, so we are trialling children eat free but must be accompanied by an adult at all times.

Roy Wright

Chairman

Cultivate
I Gymunedau Tyfu
For Growing Communities

Our **Volunteer sessions**

NEWTOWN FOOD SURPLUS

Newtown Food Surplus is a volunteer-led community project working to reduce food waste while helping local households access good quality food that would otherwise go to landfill.

Each week, surplus food from supermarkets and other partners is redistributed through our community food shares, helping hundreds of households save money and reduce waste at the same time. Our shares are open to everyone, with no referral needed. Access to the food is completely free. Donations towards our running costs are always welcome from those who are able to contribute, but they are never expected.

We also support schools, breakfast clubs, emergency food provision and other local community groups, helping surplus food reach more people across the area. What started as a small local project has grown into a network supported by more than 70 volunteers, all helping to make sure good food is eaten rather than wasted.

With demand continuing to grow, we're excited about the next chapter for Newtown Food Surplus and expanding what we can offer the community.

Vicky Rowe

Director

Newtown Food Surplus

Newtown Food Surplus, Food Share, Monday and Friday at 10:30am, please email the address below for venue details.

ENERGY AUDITS

What to expect during your home energy audit?

In partnership with Lightfoot enterprises, and thanks to the support of the National Lottery Community Fund, Open Energy is offering free home energy audits to residents in Newtown, Llanidloes, Welshpool, and surrounding areas.
A home energy audit is an essential first step in identifying areas of improvement in your home. It can help to reduce your carbon footprint, save money, and keep your space warm and comfortable. The process is quick and easy and can be broken down into 4 simple steps:

1. After signing up for audit, Open Energy will be in contact to ask for your gas and electricity consumption figures for the previous 12 months. This allows us to compare your energy use with the national average.

2. We will arrange a convenient time and date to visit your property to complete the audit. The visit takes no longer than one hour and consists of a simple questionnaire. Example questions include whether you have and use extractor fans in your kitchen and bathroom, and whether you use radiator reflector panels….

3. With your permission, we will take photos of the outside of your property and your boiler. We will not require access to any other area of your home apart from a place to sit while completing the audit.

4. After completing an energy survey of your property, we will send you a bespoke, detailed report highlighting where improvements can be made. How you use this information is entirely up to you, there is no obligation to make any changes!
